The Council is satisfied that the conditions set out in sections 59, 64 & 72 of the Act have been satisfied and that it is in all the circumstances expedient to make this order for the purposes of reducing anti social behaviour in the restricted areas. The Council makes the order because anti social behaviour in the restricted areas has had a detrimental effect on the quality of life of those in the locality. The effect or likely effect of this is of a persistent or continuing nature such as to make this unreasonable, and justifies the restrictions imposed in this order. If any "interested person" desires to question the validity of this Order on the grounds that the Council had no power to make it or that any requirement of the Act has not been complied with in relation to this Order, he or she may apply to the High Court within six weeks from the date on which this Order is made.
